Sermon Title - The Great 8: Adam & Eve

## ICEBREAKER:

This week we started a new sermon series focusing on some of the most popular Bible stories and characters. What is your favorite Bible story and why?

What parts of the Bible are easy for you to believe?

What parts of the Bible are difficult for you to believe?

(These two questions may lead to some lengthy and interesting discussions. Be ready to encourage people rather than argue with them)

Pastor Zach said, "You may have a thousand good things going on in your life, but you focus on the one bad thing." Let's shift to the positive things going on in our lives. Please share something good going on in your life right now.

## THINK & READ:

Have someone read Genesis 3:1-5

The serpent lied to Eve and twisted God's command. What are some of the lies that the devil is telling you?

Have someone read Genesis 3:6-12

Who is to blame for the very first sin and why are they at fault?

Have someone read Genesis 3:14-15 & 21

How is the Gospel present in this story?

PRAYER:

Spend some time taking individual prayer requests and then praying for the people in your Home Group.
